Bicycle parking spaces

## 1. By car

### 1.1 From Stuttgart city centre

From Marienplatz, follow Möhringer Straße, and then take Böblinger Straße towards Stuttgart-Vaihingen and continue to Schillerplatz. Turn left onto Möhringer Landstraße and turn off to the right at the crossroads with "Am Wallgraben". At the junction with Schulze-Delitzsch-Strasse turn left and you will find our headquarters at number 29.

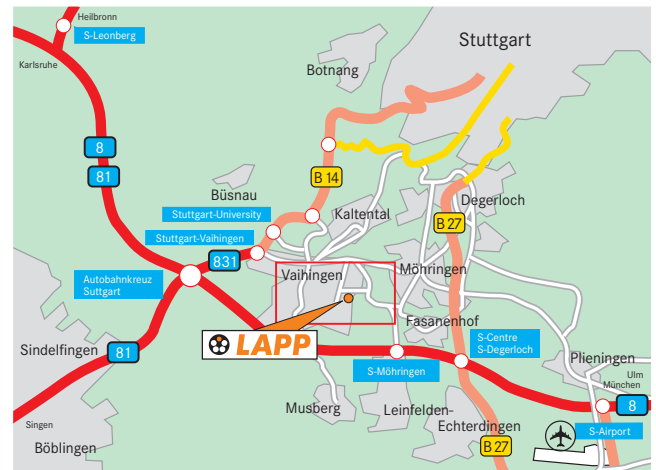

### 1.2 From the A8 autobahn

#### From Munich direction

Leave the A8 at the "S-Möhringen" exit. At the traffic lights, turn right onto Nord-Süd-Straße towards the S-Möhringen/S-Vaihingen industrial area ("Industriegebiet").

#### From Karlsruhe direction

Leave the A8 at the "S-Möhringen, S-Degerloch, Leinfelden/Echterdingen, Filderstadt, B27" exit. Take the right hand lane and head towards S-Möhringen/S-Vaihingen. At the traffic lights turn right onto Nord-Süd-Straße and head for the industrial area ("Industriegebiet"). After 1.5 / 2 km get into the left-hand lane and turn left at the lights towards the industrial area. Turn left again after 50 m onto Handwerkstraße. Then take the second right (following the main street) onto Schulze-Delitzsch-Straße.

## 2. By public transport

From Stuttgart station take the S-Bahn line S1, S2 or S3 to Vaihingen station. From here (East side) take bus no. 80 (working days only) to the industrial area and get off at the "Schulze-Delitzsch-Strasse" stop, or take a taxi from the front of the station to Schulze-Delitzsch-Strasse.

Alternatively take the U-Bahn line U12 to Dürtlewang. Get off at the station "Lapp Kabel" and take the bus no. 80 to "Schulze-Delitzsch-Straße". You can also walk along "Schulze-Delitzsch-Straße" for about 5 minutes.

## 3. By air

From Stuttgart-Echterdingen airport, take the S-Bahn line S2 or S3 as far as Vaihingen station. Then continue as described in section 2.

## 4. By bike

We would be delighted if you travelled by bike in an environmentally friendly way. Appropriate parking spaces are available. Charging facilities for e-bikes can also be provided if required. A repair station can be found next to the European Headquarters.
