

April 23, 2025

Dear Customers,

We would like to inform you about an improvement in H-A and H-B Heavy Duty Connectors.

|                   |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |

| <p>The product range is regularly reviewed and continuously optimized. The rectangular connectors of the EPIC H-A (10,16), and EPIC H-B (6, 10, 16, 24) series are being converted to the new design. The pre-assembled gland body will be discontinued in the future for the Metric Thread versions of the housings. The gland body is still available separately as an accessory. In addition, there is a version as an adapter from M to PG thread. The technical properties remain unchanged by this change.</p> <p><b>New Design (Hoods/Cable Coupler Hoods):</b></p> <ul style="list-style-type: none"> <li>· Change from EPIC® to LAPP® identification marking on the housing.</li> <li>· Surface profile includes increased rib features for improved grip and handling on the factory floor.</li> </ul> |                                                                                                                                      |
| Currently (PG/Metric Thread)                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     | New (PG/Metric Thread)                                                                                                               |
