Change of article designation and article numbers for articles of the TY-FAST® series by ABB

Dear customers,
Dear business partners,

We would like to inform you about changes in our product range.

In order to understand the following, please note: The packaging of **TY-FAST®** products is labeled with the name Thomas & Betts. Thomas & Betts is part of the ABB Group. For this reason, the name "ABB" is used in the following communication.

The following articles of the **TY-FAST®** series will be changed by ABB from their previous designation to a new designation. ABB will also change the article number. (Please refer to the table below for details)

The existing LAPP-article number, as well as its LAPP-designation, will remain the same.

This changeover will be carried out successively by LAPP. The time of the changeover to the new designation will depend on the consumption of the available stock at LAPP.

The ABB designation and the ABB article number can be found on the individual packaging units, as shown in the areas marked in red.

The technical properties of the articles remain the same.

We will be pleased to send you further information and advise you personally. Your responsible contact person will be happy to assist you at any time.

We are sure to present you an attractive product range and will be happy to answer any of your questions.

Yours sincerely
